Name: Indhi Ernesto
Course / Subject: Programación
Speaker / Class: Carlos Pichón
Date & Time: 15-9-26

KEYWORDS & KEY CONCEPTS

-
-
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action. Small steps, big results.

NOTES

Title: git
Topic: Comando init

Lo que genera el comando es que una carpeta normal la vuelva un repositorio

Por ejemplo
Mi Proyecto/

- index.html
- style.css
- script.js

QUESTIONS & REFLECTIONS

Cuando lo utilizo
Que hace

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

El comando init es el comando que empiezo a controlar los carpetas

KEY TAKEAWAY

Capture the most important insight.

KEEP LEARNING
KEEP GROWING
CREATE IMPACT

Carlos Pichón Viñuales
