

STRUCTURED NOTES

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name: Joshi Ernesto
Course / Subject: Programación
Speaker / Class: Carlos Pichon
Date & Time: 15-9-20

KEYWORDS & KEY CONCEPTS

-
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding

NOTES

Title: Git

Topic: Comando init

Lo que el comando init es que una carpeta normal la vuelve un repositorio

Por ejemplo

Mi Proyecto/

```
├── index.html
├── style.css
└── script.js
```

ACTIONS / NEXT STEPS

-
-
-
-
-

Turn knowledge into action
Small steps, big results

QUESTIONS & REFLECTIONS

Cuando lo utilizo
Que hace

What questions do I have?

What is unclear or confusing?

What does connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points

El comando init es el comando que empieza a controlar los carpetas

KEY TAKEAWAY

Capture the most important insight

Carlos Pichon Vique

KEYWORDS & KEY CONCEPTS

- Staging Area
- Preparación
- Para
- Cambios
- Futuros
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.
Small steps, big results.

NOTES

Title: git

Topic: Comando: add

Este Comando es para que
tengo una caja

Archivos

Cambios

| git add

Staging Area

QUESTIONS & REFLECTIONS

¿Que es el Staging Area?

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

Este es para incluir los Cambios a proximos commits
Carlos Pichardo Vique

KEY TAKEAWAY

Capture the most important insight.

KEYWORDS & KEY CONCEPTS

-
-
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action. Small steps, big results.

NOTES

Title: Git

Topic: Comando: Commit

Para Crear un Commit:
git Commit -m "Agregar la Pagina"
Commit 1 (Crea la Pagina)
Commit 2 (Agregar el menu)
Commit 3 (Corregir el CSS)

QUESTIONS & REFLECTIONS

Porque usar mensajes
Que es el flujo tipico

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

El comando commit se usa para guardar cambios locales el usuario quiere

KEY TAKEAWAY

Capture the most important insight
